Dear Valued Clients

UPGRADE OF eINVEST TRADING PLATFORM on 30 APRIL 2018

We are pleased to inform you of that we will be upgrading our Trading Platform on **30 April 2018**. This is part of our continuous effort to improve our service to our clients. With this upgrade, you will experience better navigation and enjoy additional features.

Highlights of some of the new exciting features:

1. **Search stocks.** In addition to search by Code, you can now search by Symbol and Long Name
2. **New layout and easier navigation**
 - a. 12 layouts to choose. Choose 5 of your favourites and save it on the menu bar
 - b. Drag and Drop. Create and save layout for future use
 - c. Card view - fit full screen
 - d. Columns are movable for you to rearrange columns and customise your layout
 - e. UI improvements such as slim scroll bar
 - f. New Menu Tab design. It is also movable for you to rearrange icons
 - g. Besides Grid view, you can also choose Card view
3. **Stock Info & Stock Tracker combined** for easy reference
4. **Chinese version**
5. **Use Hot keys.** Use F1 to F6, F10 & F11 for quick access to key functions. See "Settings" for definition of hotkeys
6. **Colour Grouping** for single click function. Link your applets with colour code
7. **Advance order pad**
 - a. Intra Day Short Selling (IDSS) – available in May 2018
 - b. Advance Order Type such as Stop Order and Stop Limit Order. At the moment, orders are valid for 1 day.
 - c. To access - At Order Pad, click on the Arrow at top right corner

8. **Live Charting Tool** (currently available)
 - a. Live charts – you can even do charting using 1 or 15 minutes candles
 - b. 500 candles to view historical price and volume
 - c. More than 90 technical indicators
 - d. Create different Templates for your strategies
 - e. 2 ways to access:
 1. Right click at stocks and select “Analysis Chart” or
 2. At “Chart” tab in menu, select “Analysis Chart”
 - f. When chart opened, click Blue arrow to access charting menu

9. **Fundamental Data** (currently available)
 - a. 5 years Financial Info, Quarterly Results, Ratio Analysis
 - b. Compare Ratios with companies within same industry
 - c. 2 Stock Filters to screen for stocks to invest
 - d. 2 ways to access :
 1. Right click at stocks and choose Fundamental Data (ET) or
 2. Stocks Info menu, choose Fundamental Data (ET)

10. **Trade Futures Market Online** in eInvest platform
 - a. Single login to trade both Malaysian Equities and Futures. At the menu, select the “Exchange” Tab and choose “M’sia Derivatives”
 - b. Real time price
 - c. Real time charting tool
 - d. Free - zero platform subscription fee
 - e. For more information on Futures trading, please contact your Dealer’s Representative or Futures Helpdesk at Tel: 03-5512 2323 or email to futures.dealing@affinhwang.com

11. Many other functions.....

Please do explore and make full use of the new features. We hope that these features will enhance your trading experience. Should you need any assistance, please contact your Dealer’s Representative or contact E-Services Helpdesk at 03-2143 1113 / 04-263 0050 or email support@affinhwang.com or eservices@affinhwang.com.

Coming in May **eInvest new Homepage design**. Look out for it.

Happy Trading.
